[redacted] Chief  
 Gulf Bureau, FBIS

Dear [redacted]

We have been following with interest the suppression of the latest  
 coup attempt in Bahrain and were somewhat surprised at the extent of the  
 Iranian effort. It appears from the latest embassy report that the Bahraini  
 security forces have things well in hand for now, but I suspect more such  
 attempts may surface in the future. [redacted]

25X1

This has made us wonder back here about bureau emergency evacuation  
 plans. I assume all bureau employees, including TCN's are included in  
 the mission plan. I would appreciate hearing how the emergency evacuation  
 plan would actually work. Would bureau employees be evacuated by the Navy  
 and who actually controls the plan, the Navy or the Embassy? [redacted]

25X1

I certainly don't want to suggest that we have any information back  
 here that would indicate such a plan will be needed soon, but we would  
 like reassurance that the bureau is well prepared for an emergency evacu-  
 ation. [redacted]

25X1

Sincerely,

[redacted]  
 Chief, Operations Group
